Welcome to the Vivian von Gruenigen, MD
STEM Center of Excellence

Explore Science, Technology, Engineering, Math, Nature, and more at the STEM Center of Excellence on the Daley Family Campus for STEM Innovation.

With a theme of "Making the world a better place through nature inspired design" visitors will be immersed in exciting learning spaces inside and out. Nestled in the scenic Cuyahoga Valley National Park, the 8,000-square-foot STEM Center of Excellence boasts a wet lab, woodshop, tech lab, maker space, and various outdoor learning spaces. Visitor can dive into exciting activities, including robotics, ecology, woodworking, and engineering challenges amid nature. At the STEM Center of Excellence, educators

will be immersed in inspiring programs and trainings built just for them. It's your time to grow, explore STEM, and shape the future!

Programs as Unique as Your School or District!

The GSNEO STEM team is excited to offer high-quality, customizable professional development opportunities for educators across Northeast Ohio and beyond! Our team includes former educators with decades of experience in STEM instruction and teacher training. We specialize in hands-on, relevant, and inspiring sessions tailored to meet the unique needs of your school or district.

Teach outside the box!
STEM professional development is for teachers of ALL subjects and grade levels!

Professional Development Offerings:

- Practical strategies for technology integration in core classrooms
- STEAM in the arts: using 3D printers and laser cutters in creative projects
- Tool Training: 3D printing, laser cutting, and Sphero robotics
- Elevate Projects: turning standard projects into a transdisciplinary learning experience
- Reimagine Instruction: energize lessons with creative pedagogy
- Staff team building and more
