

## Trails at Camp Timberlane

Camp Timberlane has a rich array of natural features that can be enjoyed by using the established trail system. Girl Scouts of North East Ohio encourages campers and hikers to Leave No Trace and to pick up debris if found on our trails. Please do not mark or blaze your own trails.

*All trail heads are marked with coordinating colored sign. See map key.*

Naturalist - (Easy to Moderate Difficulty) Starts behind Stocker Lodge. This hike crosses Green Bridge and Frankenberg Creek. There is an exposed hillside great for geographical observations. Trail ends back at Stocker Lodge.

Connecting Trails - (Moderate Difficulty) Starts at any unit and loops around all units. You will end up where you started! The trail crosses the Green Bridge, Mary Lou Bridge, and the Frankenberg Creek two times.

NOTE: The perimeter connector, out on the Perimeter trail, is not included in this hike.

Woodhaven Trail - (Easy) Trail starts just past Woodhaven Day Camp area on the Perimeter Trail. While on this trail you will see the Historic Farm Dump, Gnome Village, and the scenic overlook of the Vermillion River Valley.

NOTE: This trail is Easy but the hike out to the trail head is considered moderate in difficulty.

Lake Timberlane Loop - (Easy) Trail starts at the Welcome Center. You will travel through a young, man-made forest that includes 20,000 trees that were planted in the early 60's. You will hike past the highest point in camp, Windy Hill, 850 ft. above sea level.

NOTE: This trail is not named on the map. It is a section of the Perimeter Trail that goes around Lake Timberlane on the North side of camp.

Outpost Trail - (Moderate Difficulty) Trail head is a 10-minute walk south of Woodhaven on the Perimeter Trail. On this hike you will see the Camp Timberlane Outpost unit where groups primitive camp. Hike over a knife ridge to get to the Outpost. A short but exciting hike.

Perimeter Trail - (Range from Easy to Strenuous in Difficulty) This hike goes over 4 bridges and crosses the Frankenberg Creek 4 times. The trail goes up and down ravines and ridges in the more difficult areas and includes flat areas and flood planes.
