Newspaper Announcements

Girl Recruitment:

1. Girls need a safe place to try new things and be themselves - free from competition and full of encouragement. Girl Scouts offers girls the chance to explore every dream, join a circle of supportive friends, and help change the world. Sign your girl up today at gsneo.org/join or come learn more at (date, time, and location of event).

2. Every girl has a sparkle that's her own. Girl Scouts will give her lots of opportunities to shine! Sign her up today at gsneo.org/join or learn more at (Information about event).

3. Every girl has a sparkle that's her own. But to truly shine she needs a circle of friends that accepts her for who she is and always has her back. Together, they can share more, be heard, and enjoy friendships that last a lifetime. With Girl Scouts, she'll laugh, explore, and make strides - all with friends by her side. It's only $25 to belong to the biggest girl-led organization in the world! A membership with Girl Scouts of the USA is a valuable investment in your girl's future. Financial assistance is available to those who qualify. Visit gsneo.org/join to learn more.

Adult Recruitment:

1. Every girl has the potential to achieve her dreams. All girls need is a place where compassionate adults guide them toward reaching their full potential. With Girl Scouts, you'll have the amazing opportunity to empower girls in your community. Find out how you can change the world, one girl at a time, at gsneo.org/volunteer.

2. Serving as a role model for Girl Scouts is a rewarding experience. You'll have the chance to share your knowledge with girls, teach them new skills, and watch them learn and grow (and, you might learn something new that you love, too!). Start making a difference by visiting gsneo.org/volunteer.

3. Be the role model she’ll always remember! Let your daughter see you as a leader, someone who is making a difference in the lives of girls. When you choose a role in the troop, girls will look to you for adventure, guidance, and a shoulder to lean on. You’ll watch them grow and help them realize all the possibilities they can achieve. Maybe you’ll be the Troop Leader who plans fun activities. Maybe you’ll be the Program Guide who helps them earn badges. Maybe you’ll be a troop Helping Hand who pitches in. Become a volunteer and make your daughter’s experience in Girl Scouts even more special, while making memories that last a lifetime.
