I understand that COVID-19 is an extremely contagious virus that spreads easily through person-to-person contact. As with any social activity, participation in Girl Scouts could present the risk of contracting COVID-19. While GSNEO encourages our volunteers to take every safety and preventive precaution, GSNEO can in no way guarantee that COVID-19 infection will not occur through participation in Girl Scouts. _____ (Initial here)

Permission Forms (Volunteer Policies, page 25)

To be considered a Girl Scout trip/activity, the troop/group leader must provide parents/caregivers with written details (date, time, locations, and brief description) of the trip/activity prior to its occurrence. The trip/activity must meet all requirements in Safety Activity Checkpoints, and either the Annual Permission Form or Permission Form must be signed by the parent/caregiver and returned to the troop/group leader. The Annual Permission Form allows for troop trips/activities that are 1) located within one hour's driving time of the regular meeting place, 2) not exceeding 6 hours and 3) not considered high risk activities as outlined in Safety Activity Checkpoints (ex: high ropes, zip line, equestrian). Trips/activities outside of these parameters require a separate Single Activity Permission Form. Activity Consent, Hold Harmless and Release Agreements may be required, depending on the activity.
