

Hello!

I am a Girl Scout Cadette from the Girl Scouts of North East Ohio Council and I'd like you to join me in asking Governor DeWine and the Ohio Director of Health to increase the group size limitation for Ohio Girl Scouts. Our councils have policies in place that can keep troops of all sizes safe, and I believe our troop leaders will consider our individual situations and continue to put our safety first. It is important for our troops to meet in-person, to limit screen time, and have that person-to-person interaction that is beneficial for our development, growth, and confidence!

Here is how you can help:

- Email, call and send letters to your local representatives, Ohio Director of Health, and Governor DeWine.
 - Examples and contact information can be found at gsneo.org/coronavirus under "Resources to Change Group Sizes in Ohio" located in the "For Girls" section.
- Make a sign about what you miss most about Girl Scouts. Do you miss your troop meetings? Do you miss quality time with your Girl Scout sisters? Add it to the sign with the hashtag #GirlsNeedGirlScouts.
- Take a picture of your sign and have a trusted adult help you post it on social media! This will help spread the word and encourage others to stand with us. Use the hashtag #GirlsNeedGirlScouts in the post.
- Please add your voice to mine, together we can make a difference!

Yours in Girl Scouting,

Olivia
